

Where Kids Can Be Kids

Leadership Opportunities for Young Adults

Country Life Kids Camp offers a unique and rewarding opportunity for teens through college age students with a passion for leading, teaching and inspiring our youth.

All young adults struggle with life battles: facing adversity, social challenges, changes in responsibilities, freedoms, discovering their identity, finding a life purpose, etc. This training experience provides not only work experience, but also a tool kit for life in the business world. Through a supportive atmosphere, we help young adults discover their strengths, gain confidence and learn valuable leadership lessons in an environment where accountability, good decision-making and safety come first.

Our program engages young adults with the opportunity to share their time and talent with younger children and take an active role in building this ever-important ministry of making a difference in a young child's life.

We encourage you and your family to visit our website: www.countrylifekidscamp.com/staff-opportunities to see opportunities that might fit the experience you are looking for based on your age and graduate status. Please note that if you cannot commit to the time required we encourage you to contact us about our volunteer and service hour opportunities for all ages!

Our team consists of only the most qualified and passionate counselors. In fact, each counselor under the age of 25 is first admitted into our Camp Counselor in Training, Staff in Training or Internship programs. These three programs are geared for different ages and are competitive feeder programs that enable us to select the best counselors for our camp. Each of these five-week volunteer programs provide future counselors with the mentoring, training and experience they need to succeed. Our Leadership Programs also allow you the opportunity to receive a referral letter, along with the possibility of joining our team.
